

Saved Her Life.

Wm. C. Wooten, of Wortham, Texas, saved the life of his child by the use of Ayer's Cherry Pectoral.

"One of my children had Croup. The case was attended by my physician, and was supposed to be well under control. One evening I took my child to bed, it stopped breathing, and on going to it found it strangled. It had nearly ceased to breathe. I knew that if I did nothing the child would have died in spite of the medicines given. I resented that such remedies would not cure Croup. I turned to Ayer's Cherry Pectoral in the house. I gave the child three doses at short intervals, and the Pectoral was given. The child's breathing grew easier, and in a short time she was able to sleep. When I awoke the next morning the child was alive and well, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
